ADVANCING STUDENT IDENTITY

This year's annual conference will bring together a variety of campus card professionals from a wide array of disciplines. The conference has developed into the single most important opportunity to learn about the latest technological advances and business practices of implementing, operating and expanding a successful campus card program.

Each year ECCA strives to offer a conference that is filled with opportunities for you to learn from colleagues, corporate members and fellow attendees. This year will be no exception.

The conference opens on Sunday evening with a fully packed schedule until Tuesday afternoon. See the highlights section.

Also don't miss out on the latest news and developments from the **ECCS/FP7 Project - Developing a Standard European Campus Card for all.**

We hope you can join us in Porto on May 26th to 28th. On-line registration is now available.
