

24 INFRASTRUCTURES

10

BioData.pt Portuguese Distributed Infrastructure for Biological Data
CRYOEM-PT National Advanced Microscopy Network for Health and Life Sciences
GENOMEPORTUGAL Distributed Genome Sequencing and Analysis Infrastructure
PPBI Portuguese Platform of Biolmaging
PtCAC National Network of Clinical Academic Centers
PtCRIN Portuguese Clinical Research Infrastructure Network
Pt-mBRCN/MIRRI-PT Portuguese microBiological Resource Center Network
PT-OPENSREEN National Infrastructure for Chemical Biology and Genetics
RNCCC Porto Comprehensive Cancer Centre National Network
RNEM Portuguese Mass Spectrometry Network

HEALTH & FOOD

6

CECOLAB National Infrastructures Network Towards Circular Economy
Engage SKA Enable Green E-Sciences for the Square Kilometre Array
NECL Network of Extreme Conditions Laboratories
PTNMR Portuguese Nuclear Magnetic Resonance Network
TEC4SEA Platform for Research, Test and Validation of Technologies Supporting a Sustainable Blue Economy
Windscanner.PT WindScanner National Infrastructure

PHYSICAL SCIENCES & ENGINEERING

5

AIR Atlantic International Research Centre
C4G Collaboratory for Geosciences
EMBRC.PT European Marine Biological Resource Centre
EMSO-PT European Multidisciplinary Seafloor and Water Column Observatory
PORBIOTA Portuguese E-Infrastructure for Information and Research on Biodiversity

ENVIRONMENT

1

SGEVL Laboratory of Smart Grids and Electric Vehicles

ENERGY

1

RNCA National Network for Advanced Computing

DIGITAL INFRASTRUCTURES

1

PRISC Portuguese Research Infrastructure of Scientific Collections

SOCIAL & CULTURAL INNOVATION
